MEMORANDUM - 1972-5

TO: Heads of Departments and Agencies

FROM: KeNam Kim, Comptroller

SUBJECT: Request for Information on Expenditures for  
Workmen's Compensation (WC) and Unemployment Compensation (UC)

The Bureau of the Census (U.S. Department of Commerce) has requested an analysis of the subject expenditures made by certain State departments in fiscal 1971-1972, and by the State as a whole. We have obtained the information needed from departments individually where an analysis within the department was necessary; this memorandum is to request a single total for WC and a single total for UC in other departments and agencies listed in the distribution below.

The expenditure figure for WC and the expenditure figure for UC should be the total amounts vouchered in fiscal 1971-1972, regardless of the account charged or the fund from which paid. The two figures may be telephoned to the Accounting Division (548-7696) or returned in the following blanks:

WC vouchered expenditures for fiscal 1971-1972 \$ \_\_\_\_\_

UC vouchered expenditures for fiscal 1971-1972 \$ \_\_\_\_\_

In requesting this information, the Bureau of the Census advises that the expenditure figures are urgently needed to complete its survey of state government employee compensation. Your early response to this memorandum will therefore be appreciated.
